Hamilton Laboratory Solutions LLC to expand manufacturing capabilities in Manitowoc, WI

February 12, 2018 – Hamilton Laboratory Solutions has announced plans to expand the manufacturing footprint and capabilities of their Manitowoc, WI facility at 825 East Albert Drive.

The development includes an additional 25,000 square feet to include state-of-the-art sheet metal fabrication equipment and a new powdercoat system. Project completion is scheduled for May 2018.

Hamilton President/CEO Steve Pribek is excited about the opportunity to re-establish the company within Manitowoc County. Revitalizing the Hamilton brand is significant to the markets served – Health Care, Education and Industry. “The expansion allows Hamilton to increase capacity to better serve our customers and create new jobs here in Manitowoc,” said Pribek.

Hamilton Laboratory Solutions is a global industry leader offering the most comprehensive selection of products in laboratory furniture and fume hoods. The company’s manufacturing locations include Manitowoc, Wisconsin and Shanghai, China. For more information visit www.hamiltonlab.com.
