Hamilton Laboratory Solutions Panorama Steel Laboratory Casework

Flexibility, superior quality and exacting specifications

enhance the value of any scientific environment

Panorama is a single casework platform that offers the ultimate in flexibility. The high quality construction and sleek design provide endless options for a variety of laboratory applications.

ensure value

Design Options

Three distinct designs allow you to tailor the appearance of your laboratory: flush overlay steel, inset steel, flush overlay wood.

Appearance Options

Choose from a variety of 18 steel powder coat colors. Create warmth and character with unique veneers and extraordinary grain, cut, and balance options in oak or maple.

Field Convertible

Interior components including: drawers, doors, drawer suspension and shelves that can be reconfigured in the field to rapidly adapt to your changing laboratory needs.

LEED Compliance

Environmentally compliant paints, stains, glues and adhesives are specifically formulated to safeguard indoor air quality while clarifying and protecting your initial investment.

Industry Compliance

SEFA 8 Metal, NFPA 30, NIH and CDC compliant, UL listed and FM approved.
