Steel | Laboratory Casework

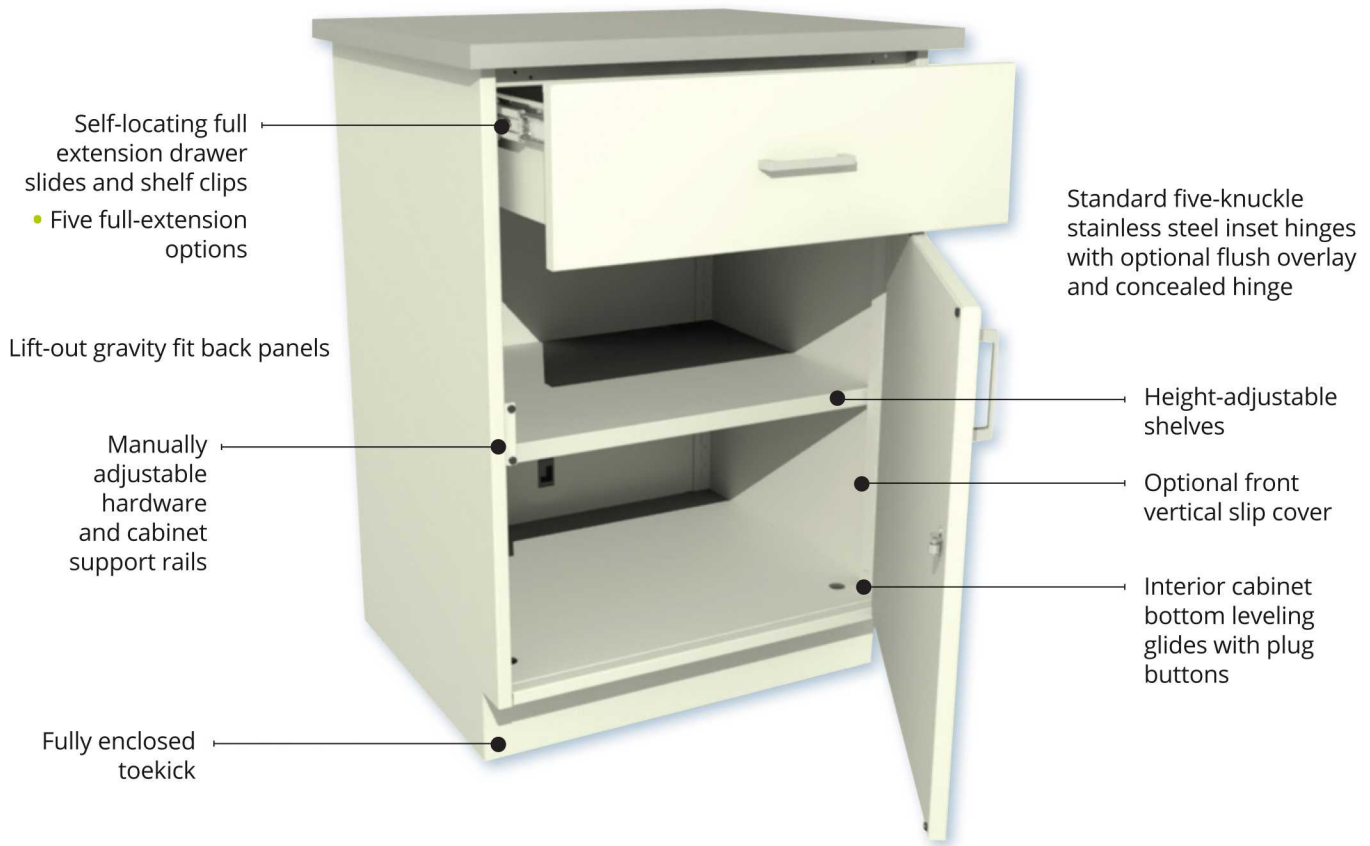

Configurable designs
for dynamic laboratories

Configurable/Designs

Flexibility, superior quality and exacting specifications enhance the value of any scientific environment.

Ensure/Value

Design Options: Two distinct designs allow you to tailor the appearance of your laboratory: flush overlay steel, inset steel.

Appearance Options: Choose from a variety of 18 steel powder coat colors.

Field Convertible: Interior components including: drawers, doors, drawer suspension and shelves that can be reconfigured in the field to rapidly adapt to your changing laboratory needs.

LEED Compliance: Environmentally compliant paints, stains, glues and adhesives are specifically formulated to safeguard indoor air quality while clarifying and protecting your initial investment.

Industry Compliance: SEFA 8 Metal, NFPA 30, NIH and CDC compliant, UL listed and FM approved.

Two / Distinct Designs

Tailor for the appearance of your laboratory.
